

THE PORT OF CALAIS SAFE AND SOUND

The Port Boulogne Calais is continuously adapting its infrastructure to ensure better accessibility, greater fluidity of traffic and make it safer and faster for people and goods to travel to and from the UK.

SPECIAL SERVICES FOR DRIVERS AND ROAD HAULAGE COMPANIES:

- **A secure waiting and parking lot** with more than 800 places for trucks during peak times.
- **Systematic control** of all trucks using non-invasive technology to detect any intrusion prior to boarding for the UK.
- **A Reception Cell** for truck drivers in case of problems upon arrival at the port.
- **A toll-free emergency call number** so that drivers can obtain immediate assistance in case of problems.

 **0800 000 555** (toll-free call)

- **A traffic information** and advice news stream via a **Twitter** account to keep you informed promptly in case of any disruption.

 **@calaisport**

A CONSTANTLY-ENHANCED SECURITY SYSTEM

225 officers deployed
24/7, dedicated to port security and assisted by a police dog brigade.

129 security cameras
equipped with new-generation motion sensors.

30 km of fencing
including 15 km with infra-red detection systems.
